

**BOTANY**  
**QUEST-2023 TOPICS**

1. Hydroponics
2. Aeroponics
3. Mushroom Cultivation
4. ICRISAT
5. Green House Technology
6. Medicinal Plants
7. Organization Associated with Biodiversity
8. Plant Hormones ( Brassino Steroids, Pdyamines, Salicylic acid & Jasmonic acid )
9. Single Cell Proteins
10. Diseases In Plants and their curing techniques.
11. Plants and Micro Nanoplastic Interactions: from Single cells To whole organism.
12. Importance of Ethno Botany In Indian System of Medicine.
13. Role of BSI ( Botanical Survey of India )
14. Role of modern Technology In Agriculture.

**STATISTICS**  
**QUEST-2023 TOPICS**

1. The Ratio of College students getting married after Graduation.
2. Effects of sitting in the back of a class.
3. Time spent by college students on social media.
4. Web Browsing habits of college students.
5. Time spent by customers in the united states on online shopping.
6. Statistical Analysis of peak times in the UK.
7. Food habits in low-income families.
8. Peak Traffic times in your city.
9. Analyze the relationship between exercise and mental health outcomes
10. Performance analysis of the Banking sector.

**PHYSICS**  
**QUEST-2023 TOPICS**

1. The History of Physics & its impact on society.
2. The Physics of 3D printing & additive manufacturing.
3. The Physics of Astronomy & Telescopes.
4. The Physics of Robotics and automation.
5. The Physics of GPS and Satellite technology.
6. The Physics of renewable energy sources.
7. The Physics of Medical imaging & treatment.
8. The Physics of solar energy & Photo Voltaic cells .
9. The Physics of Thermodynamics and its applications.
10. The Physics of Space travel and exploration.
11. The Physics of Lasers & their applications.

**COMPUTER SCIENCE**  
**QUEST-2023 TOPICS**

1. Natural Language Processing in IT field
2. The role of IT in space
3. ChatGPT help with training and development
4. The role in security and privacy in social networks
5. Secure ATM by Image processing networks
6. Contributions in the medical emergency field based on voice recognition
7. what do you know about Remote Automation system
8. Sixth sense Technology
9. The role of Artificial Neural network (ANN)
10. crypto currency is related to Face book
11. The significance of the data mining in technology today
12. The impact of social media on young people? what do you think about it
13. The role of chatbot for Business Organizations
14. The impact of artificial intelligence on creative industries
15. The impact of AI on the future of logistics and supply chain Management

## **MATHEMATICS**

### **QUEST-2023 TOPICS**

1. Impact of Aryabhata (Zero) in mathematics
2. Algorithms used in operating system.
3. Camera Angles and Dimensions on movie making
4. Instruments in internal Designs
5. Pyramid Geometry
6. Importance of mathematics in competitive Examinations
7. Mathematical Applications in Burj Khalifa
8. Importance of Vedic mathematics in modern times
9. Mathematical equations used in Aeronautics

**COMMERCE**  
**QUEST-2023 TOPICS**

1. Impact of Chandra yaan- 3 Success on Share Market
2. Role of Make in India on Indian Economical Growth
3. Impact of Traders on Economical Development
4. Struggle of any Indian Entrepreneurs
5. Scope of AI in Indian Business organizations
6. What is New Education Policy (Bucket System)
7. Professional Courses in Commerce Field (CA, CMA, CS, TPAs)
8. What are soft skills and need of soft skills for cracking an Interview?
9. Challenges for a Fresher to survive in the market (How to overcome?)
10. Steps to choose Career Options for a Fresher. (A Friendly Suggestion)
11. How to choose a Good Policy in Insurance Company?
12. Responsibilities of KMPs in a Company( CEO,CFO,CS,CA)

## **CHEMISTRY**

### **QUEST-2023 TOPICS**

1. Nobel prize awarding in chemistry
2. Latest Drugs in the treatment of Cancer.
3. Best journals & Publication of chemistry.
4. Application of Green Chemistry.
5. How plastics in harmful for our Environment & what are the remedies for plastic pollution.
6. Career Opportunities in Chemistry field.
7. Latest Discoveries in Chemistry.
8. Nano Technology in chemistry.
